

Sonoma panel, Custom finish, Stockbridge windows, Decorative hardware

DOOR FEATURES

Pinch-Resistant Panels

designed to push fingers out of harms way.

3-layer construction

Model 9100 utilizes a ToughGard® backer, while Model 9605 provides additional protection with a steel backer.

Foamed-In-Place Polyurethane Insulation

provides thermal efficiency with an R-value* of 10† for Model 9605 and 9 for Model 9100.

Integral Struts

add rigidity and strength for long life and smooth operation.

• High Cycle Spring Option

Choose a 25,000 cycle spring for more than twice the life of a standard torsion spring

• TorqueMaster® Plus Counter Balance System

Contains springs safely inside a steel tube to prevent accidental release of tension that could cause injury and features anti-drop safety technology

• Wind Load Options

Available with structural reinforcements for use in coastal or high wind region

• Limited Lifetime Warranty

*Wayne Dalton uses a calculated door section R-value for our insulated doors.

†R-value of 10 for 8' tall doors. R-value for other door heights may vary slightly. See website for warranty and wind load details.

For Ranch Panels

For Sonoma Ranch and Model 9605 Colonial and Contemporary Panels

Not all windows available in all areas. Windows shown are typical of an 8' wide door and placement may vary by panel design. Consult your dealer for details.

The following windows are available for double car doors

Glass Options

Optional window placement (Model 9605 only)

Contemporary panel, White finish with Clear III windows.

Clear windows may be arranged vertically or horizontally on Colonial, Ranch and Contemporary panels. Windows placed in the bottom section of a door must use DSB 1/8" or tempered glass.

4 Choose Your Hardware

See website for additional hardware options.
