In 1990, Mike Neal started building custom garage door parts in his own garage in La Mirada, California. His dream was to make the best custom garage doors in the world -- one door at a time. He faithfully put his hand to the plow and forged what is today Ranch House Doors, Inc., North America's leading custom garage door manufacturer.

In 2004, Mike passed away after a long fight with cancer. Although Mike is no longer with us, his vision remains the focal point for his family who continue to run Ranch House Doors, Inc. Every member of RHD is proud of his legacy and look forward to serving you with the same attention and craftsmanship that Mike, our dad and leader, taught us over the years.

-- the Neal family
